## **Current Problem**

Buyers need to see the difference between RFQs that were closed manually online to be awarded (Closed status) vs the RFQs that were closed in the ERP to be cancelled (Terminated status)

## **Solution**

We now group all the Terminated status RFQs under a different filter

# Show a list of deleted RFQs on Terminated tab

The terminated RFQs are under the Terminated filter while the closed ones will be under the other filters

## Applicable to the Following:

- Quote Automation

## Change Management for GA:

- None

## Using this Feature:

### Enabling

- This feature is 'on' by default

### Prerequisites

- "Quote Automation" must be turned on for the Buyer on the Admin App by Ariba Support

# Thank you
