SAP Ariba

Feature at a glance
RFQ posting closure notification emails

Dan Pouliot, SAP Ariba
Target GA April 2018

SAP **Run Simple**

Feature at a Glance
Introducing: **RFQ posting closure notification emails**

Customer challenge

Suppliers do not get a notification when the event is going to be closed and cannot anticipate a possible award.

Meet that challenge with **SAP** Ariba

With the new closed event notification message, suppliers can anticipate when an award would be made if any.

Experience key benefits

Suppliers are informed on event closures to help with work prioritization and can anticipate possible awards.

Solution area

Operational Procurement / Network Procurement / Quote Automation

Enablement information

On by default for customers already enabled to use Quote Automation.
No action required.

Value measure		low
Ease of implementation		simple
Regional limitations		global
