

SAP Ariba 

Feature at a Glance

Exporting the details of an RFQ

Roberto Valdovinos, SAP Ariba
Target GA: October 2018

CONFIDENTIAL

 **Run Simple**

Feature at a Glance

Introducing: Exporting the details of an RFQ

Ease of implementation

Low touch / simple

Geographic relevance

Global

Customer challenge

Suppliers need an exportable report with all the RFQ and Bid details. Quote Automation only provided this information on the UI for suppliers.

Meet that challenge with

SAP Ariba

Suppliers can now export the details of an RFQ in PDF format. The downloaded PDF for an RFQ includes the following details:

- * RFQ details
- * Line item details
- * Bid details for each line item if the supplier has bid

Experience key benefits

Suppliers will now have an exportable PDF report they can use for their internal management or audit purposes.

Solution area

Operational Procurement / Ariba Network / Quote Automation

Implementation information

This feature is “on” by default for customers of **Quote Automation**. No action is required to utilize this feature.

Prerequisites and Limitations

N/A
