

# How to check / accept StarHub Relationship

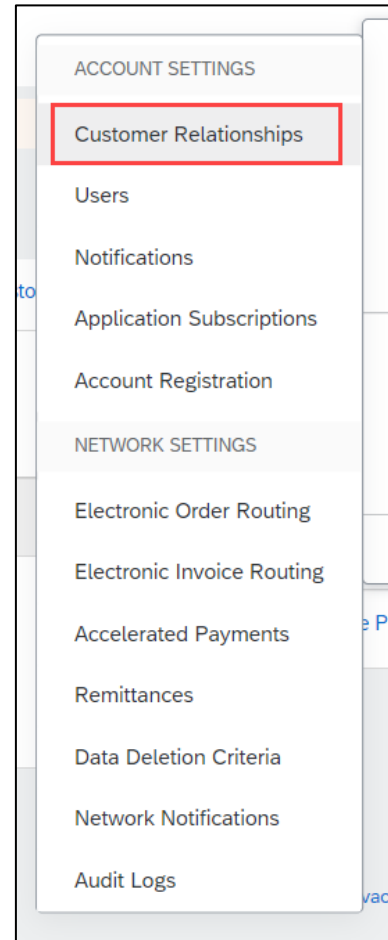

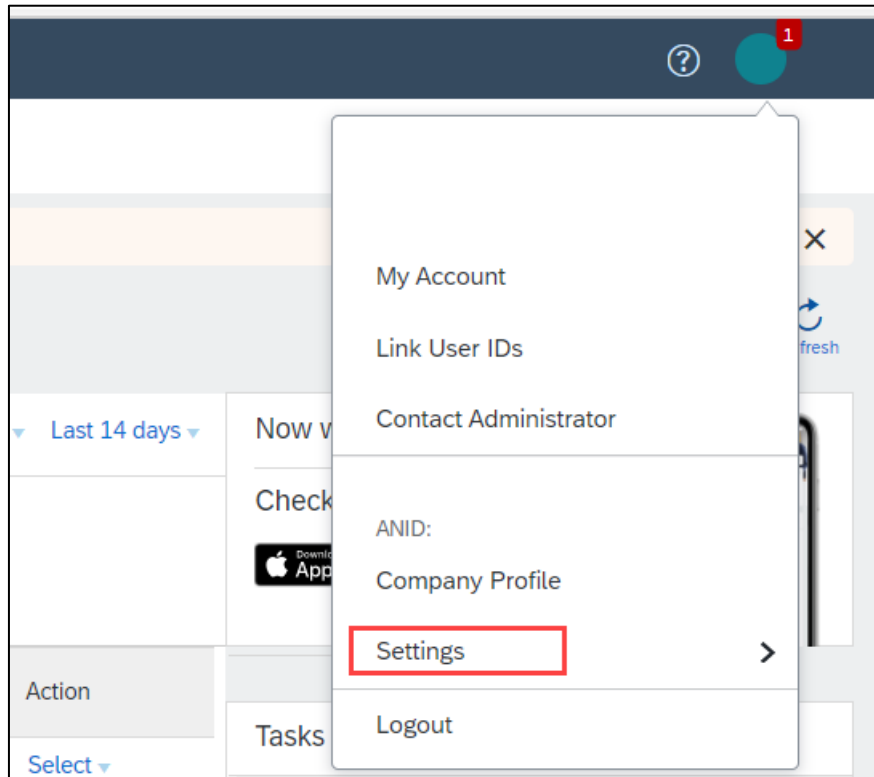

Chaiyaprug Rattanaphithan, Network Enablement Lead  
July 27, 2021

INTERNAL

# How to check Customer Relationship

In the upper-right corner of the application, click **[user initials]** > **Settings** and select **Customer Relationships**.

# How to check Customer Relationship

View your **Current** relationships under each corresponding heading.

Current Relationships | Potential Relationships

I prefer to receive relationship requests as follows:

Automatically accept all relationship requests  Manually review all relationship requests

Update

**Current (1)** | Pending (0) | Rejected (0)

### Current Customers

Filter

Customers

Enter customer name or Network ID

Apply | Reset

<input type="checkbox"/>	Customer	Network ID	Relationship Type	Approved Date	Supplier Information Portal	Routing Type	Actions
<input type="checkbox"/>						Default	Actions ▾

Reject

If you see **StarHub** as customer under **Current** that mean you're able to trade with **StarHub** in Ariba Network

# How to accept Customer Relationship

If **StarHub** is in your **Pending** section, select checkbox and click **Approve**
