Feature at a Glance

Support for China Data Center in SAP Ariba Cloud Integration Gateway

Target GA: November 2021

PUBLIC

Feature at a Glance

Introducing: Support for China Data Center in SAP Ariba Cloud Integration Gateway

Ease of implementation  High touch

Geographic relevance  Global

Customer challenge

SAP Ariba Cloud Integration Gateway thus far is only available EU (European) and Americas/US Data Center. China data center is not option for China-based customers.

Meet that challenge with SAP Ariba

With 2111 release, CIG is available in China Data Center.

China Data Center is for customers in country of China and connect to SAP Ariba applications in China Data Center.

China DC will be available for both Test and Production environments.

Experience key benefits

CIG Buyers can deploy integration solutions for both Test and Production in China Data Center.

CIG Suppliers can deploy integration solutions for both Test and Production in China Data Center.

Ability to deploy in a local China data center and not relying on EU or US Data Center.

Solution area

SAP Ariba Procurement Solutions
SAP Ariba Cloud Integration Gateway

Implementation information

This feature applies to both Buyers and Suppliers.

This feature is **automatically on** for all customers with the applicable solutions and is ready for immediate use.

Prerequisites and Restrictions

For Prerequisite, please check the online documentation.

- Ariba Applications should be available in China Data Center both for Test and Production

Following restrictions apply:

- China Data Center is targeted for China only. No other geographies can be deployed on US Data Center.
- Test and Production be available in the same data center.
- Ariba Network is connectivity remains the same as it is before i.e. to US Data Center
