## Introducing: Enhancements to the Summary area in Supplier 360 profile

### Customer challenge

The current supplier 360 displays supplier data generated and updated within the SAP Ariba Supplier Management solution. However, it is missing data from the broader SAP Procurement suite, the SAP ecosystem, and other 3rd party providers. Customers seeking a single location for a 360 view are forced to navigate to multiple solutions to obtain additional relevant supplier information.

### Meet that challenge with SAP Ariba

The new Supplier 360 summary area introduces a new data panel framework to house a library of supplier information data sources. The data panel framework retains key supplier data such as supplier status information, key contacts, and address information. It also introduces new data sources of SAP Ariba Risk exposure score, diversity information, and a complete supplier ID snapshot.

### Experience key benefits

- New summary area provides a platform for a comprehensive view of your supplier
- SAP Ariba Risk exposure score now incorporated into Supplier 360
- Diversity information now incorporated into Supplier 360
- Full list of supplier ID's now incorporated into 360

### Solution area

SAP Ariba Supplier Lifecycle and Performance  
SAP Ariba Supplier Information and Performance Management  
SAP Ariba Strategic Sourcing Suite

### Implementation information

This feature is **automatically on** for all customers with the applicable solutions and is ready for immediate use.

### Prerequisites and Restrictions

- To see Risk scores, SAP Ariba Risk must be enabled and configured
- To see [Diversity information](#), please import data using Diversity Info and Vendor Diversity data files in the Data Import or Export task in SM Administration

# Feature at a Glance

## Introducing: Enhancements to the Summary area in Supplier 360 profile

The screenshot shows the SAP Ariba Supplier 360 profile for a supplier named 'dongmei cui'. The interface is divided into several sections, with numbered callouts highlighting specific enhancements:

- 1:** A new 'Supplier request' section in the left-hand navigation menu.
- 2:** A new 'Onboarding Status' metric in the 'About' section, showing a score of 2 'Preferred'.
- 3:** A new 'Supplier IDs' section listing various identifiers like SM Vendor ID, ERP ID, and AN ID.
- 4:** A new 'Overall supplier risk' section with a table showing risk exposure scores across different categories.
- 5:** A new 'Contacts' section in the right-hand profile area, listing contact information like email, phone, and mobile.
- 6:** A new 'Diversity' section in the right-hand profile area, listing various diversity metrics like Small Business Enterprise, Minority Owned Business Enterprise, etc.

Risk Category	Level	Exposure
Regulatory and legal	Low	11.22/100
Environment and social	Low	1/100
Financial	Medium	38.76/100
Operational	Low	15.94/100

1. Supplier Request moved to its own area
2. Supplier summary information, including new “Onboarding Status” metric
3. Comprehensive listing of supplier IDs, now including ACM\_ID
4. New Supplier Risk exposure score data panel (from SAP Ariba Risk)
5. Supplier contacts, including new linked contact list
6. New Supplier Diversity data panel
