Support to Publish Public Procurement Notices on an Approved External Portal (IG-32935)

Target GA: November 2022

Support to publish public procurement notices on an approved external portal

Description

- Public sector customers in many countries must follow strict guidelines when publishing the details of planned sourcing events and awarding information to designated portals at national or international level.
- Tenders Electronic Daily (TED) is one such portal dedicated to European public procurement.
- This feature enables you to integrate SAP Ariba strategic sourcing solutions with the TED portal using SAP Ariba Cloud Integration Gateway and publish public procurement notices to this external portal.

Customer benefit

- Buyers can enter procurement details in the public procurement notices associated with a public sector event template and publish the sourcing and contract notices to TED portal using SAP Ariba Cloud Integration Gateway.
- Suppliers can view notices on the portal and the related event details on a public access page. Interested suppliers can invite themselves to participate in the event after required registration.
