Dear Valued Kyndryl Supplier,

We are pleased to announce that we are moving to Kyndryl's own Source to Pay platform.

It will be independent from the current solution provided. Thus, we will set up a new Trading Relationship between you, SAP Ariba and us. Kyndryl and SAP Ariba have reached an agreement to provide you this service without any network fees associated with Kyndryl transactions only.

We believe this move will strengthen our business relationship and allow for more robust collaboration and purchasing capabilities.

What does this mean for you?

Conducting business on the SAP Business Network will be required and your POs, invoices, acknowledgments, and ship notices will be transmitted using this platform.

When will this take effect?

We are targeting cutover from current business-to-business process in two activations in April and July 2023.

What will happen next?

In the coming weeks, SAP Ariba will send you important communications and instructions for joining the SAP Business Network. This includes establishing a trading relationship with Kyndryl on the SAP Business Network and configuring your SAP Business Network account. We appreciate your prompt action on all communications and requests regarding this initiative (not to exceed five business days).

How can you learn more about the Kyndryl and SAP Ariba partnership?

You can learn more about SAP Ariba and the specific details about this initiative by registering for a web-based supplier summit. Attendance is required as you will have the opportunity to participate in a live Q&A with experts from both SAP Ariba and Kyndryl.
