

QAFCO Supplier Summit Session

E-Procurement Processes With Ariba

QAFCO is pleased to introduce a transformative initiative aimed at improving the Supply Chain and streamlining accounts payable processes by transitioning operations to a digital platform. This shift will significantly improve efficiency and collaboration.

- Partnered with SAP Ariba, an SAP company
- Electronic transactions through the Ariba Business Network will commence from **January 1, 2024**

Free Collaboration on Ariba Business Network

QAFCO is implementing the following scope for suppliers on the Business Network:

Supplier Registration	E-Tendering Award & Contracting	Order & Order Confirmation
Service Entry Sheets	Advanced Ship Notice & Goods Receipt	E-Invoices

Any process not mentioned will continue operating as usual

Benefits of Ariba Business Network

Being on the Ariba Business Network and doing business with us electronically offers you multiple benefits, including:

1

Immediate delivery of purchase orders

2

Free for all basic transactions

3

Improve purchase order accuracy

4

Immediate acknowledgment

5

Enhance cash flow

6

Reduced carbon footprint

Registering on the Ariba Business Network

You can create a completely free of charge Ariba Business Network account (**Standard Account**) for your organization

Note: The account type will be overwritten if you log-in with an existing enterprise account. Enterprise account provides more functionalities and has a potential cost associated with its use, more information about SAP enterprise pricing on [this video](#)
