

Enhancements to Relationship Management User Interface (NP-45779)

Target GA: May, 2024

Feature Overview

Introducing: Enhancements to Relationship Management User Interface (NP-45779)

Feature Description

This feature introduces the new user interface to manage relationships on SAP Business Network.

Key Benefits

Customer relationships application for Suppliers is enhanced with visually appealing user interface. The improved aesthetics will make using the application more visually pleasing and an engaging experience for our customers.

Audience:

Buyers & Suppliers

Enablement Model:

Automatically On

Applicable Solutions:

SAP Business Network

Prerequisites, Restrictions, Cautions

Limitations

- The new relationship management pages, both buyers and suppliers, do not have all the functionalities of the previous SAP Business Network interface. To use all the functionalities, users must navigate to the previous interface by clicking on **Advanced View**.

The screenshot displays the SAP Business Network interface. At the top, there is a navigation bar with the SAP logo and 'Business Network' dropdown. Below it, a menu includes 'Home', 'Supply Chain Monitor', 'Discovery', 'Workbench', 'Orders', 'Fulfillment', 'Invoices', 'Payments', 'Catalogs', 'Supplier Enablement', and 'Reports'. A '< Back to classic view' button is visible. The main section is titled 'Current Relationships' with a 'Trading partners' tab. Below this, there are search filters for 'Supply chain collaboration', 'Supplier', and 'ANID'. A 'Go' button and 'Adapt Filters' link are present. A table titled 'Supplier list' shows four rows of supplier data. A red box highlights the 'Advanced View' button in the top right corner, with a callout box labeled 'Advanced View' pointing to it.

Supplier	ANID	Account type	Supply chain collaboration	Country	Relationship type	Action
supplier_gcpnman03060524071520	AN02003322729	Enterprise	No	United States	Fulfillment	...
supplier_gcpnman03060524033437	AN02003321798	Enterprise	Yes	United States	Fulfillment	...
supplier_gcpnman03060524071520	AN02003322729	Enterprise	No	United States	Logistics	...
supplier_gcpnman03060524071520	AN02003322729	Enterprise	No	United States	MaterialTraceability	...

User Story

Buyer side

- As a buyer company admin, I need to be able to manage relationships on simple and nice UI on the SAP Business Network so that the proper suppliers with the proper relationship type are maintained making sure the proper collaboration flows are enabled between my company and other companies.

Supplier side

- As a supplier company admin, I need be able to have an overview using a simple and modern UI, about the list of my buyers and to be able accept and reject relationships on the SAP Business Network from new buyers so that I can do transactions with them.

Feature Details – Buyer’s Current Relationships

Functionalities available

- List of your Suppliers
- Filtering / searching
- Navigation to supplier details
- Add collaboration
- Delete collaboration
- Email notification about relationship changes
- Export capabilities
- Access to advanced view (old UI)

Restrictions on old UI:
