

Enhancements to SAP Business Network Trading Partner Registration NP- 42604

Target GA: May, 2024

Feature Overview

Introducing: Enhancements to SAP Business Network Trading Partner Registration

NP- 42604

Feature Description

This feature brings enhancements to the registration process for Walk-up suppliers and standard account suppliers creating the account based on trading partner request invitation:

- New email address validation process using OTP (one time password)
- Removal of the requirement to create user id in the email format: both email formatted and non-email formatted will be supported
- New email address used for notifications: noreply@bn.cloud.ariba.com.
- User will receive new Business Network Org ID as well as ANID

Key Benefits

Enhanced previously suppliers creating accounts by coming to SBN webpage were receiving validation email at the end of the process, which lead to creation of accounts that could not be accessed by supplier

Improved user experienced thanks to relax validation process of the user Id format

New process protects SBN from flooding campaigns and assures stable performance

Audience:

Buyers and Suppliers

Enablement Model:

Automatically on

Applicable Solutions:

SAP Business Network

Prerequisites, Restrictions, Cautions

Restrictions

- Quick Enablement flows, SLP and Sourcing registration are not impacted by the changes
- In case of TRR suppliers will not be impacted in case follow attributes are added via CSV:
 - TAX ID
 - Supplier Group
 - DUNS number
 - SCC flag
 - Enterprise
- Sub-user permission to allow account consolidation will not be available for the updated flows. Only administrator will be able to merge the accounts
