

Subject: E-Commerce Project Notification

Dear Valued CATRION Supplier,

We are pleased to announce a new initiative to streamline our procurement and accounts payable processes. CATRION is partnering with SAP to enhance collaboration and communication with suppliers, increase efficiency and transparency and embrace automation and pest practices. SAP has been transforming the global procurement landscape for businesses of all sizes and we are excited to provide you with this opportunity.

CATRION and SAP have reached an agreement to provide you with this service without any network fees associated with CATRION transactions. Please note, if you opt for additional services or transact with other buying organizations on SAP Business Network, you may be subject to fees.

> What does this mean for you?

Conducting business on SAP Business Network will be required and your business will soon be transmitted using this platform. One of the reasons we selected SAP is that it brings our suppliers many benefits such as real-time PO delivery and invoice automation.

When will this take effect?

In the coming weeks, SAP will send you important communications and instruction for joining SAP Business Network. This includes establishing a trading relationship with CATRION on the network and configuring your SAP Business Network account. We appreciate your prompt action on all communications and requests regarding this initiative (**not to exceed five business days**). We are targeting a cutover date from your existing AP process on <u>8th September 2024</u>.

How can you learn more about the CATRION and SAP partnership? You can learn more about SAP and the specific details about this initiative by registering for a web-based supplier summit. Attendance is highly encouraged.
