

Uploading catalogs to **Production** in the SAP Business Network

② Subscriptions

- You determine which Customers subscribe to your Catalog - specific Customer(s) or to all Customers on the Network
- Set the Visibility to “Private”. You can select a single customer.
- To select your Customer, check the box next to their name in the “Customers” list.
- If the Customer does not appear, it means that your company has not established a relationship with your Customer yet. This is required prior to uploading a Catalog to them.
- When you complete this screen, click “Next”

Add customers and set the catalog visibility for customers. Click the customer's name to view validation rules on your customer's site.

You can receive status updates on catalogs, including catalog errors from your customer through email. To receive emails, click [Manage Profile](#) and enter the email address in the Email notification section.

Visibility: **Private** - Only the selected customers that have a trading relationship with you can view and receive the catalog
 Public - All customers can view the catalog. Customers that have a trading relationship with you can also receive the published catalog
