

Exciting News: The Go-live of SAP Ariba Commerce Automation!

Dear Advanced Valued Suppliers,

Over the past few months, we have communicated our transition to SAP Business Network for our accounts payable and procurement processes. Today, we are pleased to inform you about the successful **Go-live of SAP Ariba Commerce Automation**. Please note that adopting SAP Business Network is mandatory for suppliers wishing to do business with Advanced, starting from **today, 16th February 2025**.

What “Go-live” Means to You:

- All purchase orders will be routed electronically via SAP Business Network.
- Invoices are no longer accepted by fax, postal mail, or e-mail.
- All invoices must be sent using the network.

Suppliers new to SAP Business Network will have the option to register a free Standard Account, or you may use an existing account (Standard or Enterprise) to connect with Advanced. Kindly note that Advanced does not mandate suppliers to register with an Enterprise account to receive notification and process invoices.

Need Additional Support?

- For more information, please visit [Advanced Supplier Page](#).

Thank you again for working with us over the few several months to prepare for this exciting change.

We truly appreciate your partnership and look forward to continuing our business relationship with you via SAP Business Network
