

Webcast Q&A

CATMAN	Question	Answer
	Will Business Requirements be used to create initiatives in CatMan?	Presumably your goals are established based on your business requirements. Category Management contains a variety of applications to create, manage, and monitor category-specific strategies that align with your organization's procurement goals. It allows you to identify sourcing opportunities for purchasing categories by analyzing the spend data, tracking market conditions, and reviewing expired contracts. Users can create, manage, and monitor the sourcing opportunities, convert opportunities into initiatives or guided sourcing projects.
NGSM-2959	Question	Answer
	When will sourcing & contract be available on the new supplier profile NGSM-2959?	https://help.sap.com/docs/ariba/aba524a8b2444714b289cee09bd4c377/0265f916214e44b5ab946bb73854b20e.html?state=DRAFT&version=Internal; Supplier Risk data is available to Contracts and Sourcing.
SC-22523	Question	Answer
	Is SC-22523 applicable to contract terms file?	It includes terms. Please see additional information at: https://help.sap.com/docs/ariba/88ea813a3d0f42878f90775648ed03ca/9671b49f7db045a9a9fd58fba3c6889c.html?locale=en-US&parentHref=/whats-new/6a6876bb02204429bfc72cf8b861a866?Version=SAP%2BAriba%2B2502%26locale=en-US&parentName=What%27s+New+in+SAP+Procurement
Sourcing	Question	Answer
	Are these 3 enhancements available in classical sourcing also?	Hi, all the new update releases will only be available in Guided Sourcing only.
	Do you plan to increase attachment sizes in Guided sourcing? It was previously on Road map.	Hi, yes, we do have plan for it but the exact time might change.
	Are there any upcoming releases for Purchase Info Record creation from sourcing events?	This is likely in the backlog but is currently not officially in a planned release.

SS-5156	Question	Answer
	for Summary Event Reports. Do we need to enable or keep in mind for any parameters?	Hi, no parameter needs to be enabled. You just need to be a member of the Category Buyer group or be the event owner or have project owner capabilities for the event.
	Is the enhanced report also for running sourcing events?	Hi, it's still the same as Event Summary Reports that you downloaded before but now with more customization.
	The Enhanced Event Summary Report is that also for running events? Sorry missed the answer	Hi, yes that also available in running event, just like the Event Summary Report.

SS-58288	Question	Answer
	Hello, for SS-58288 what was the reason we need to have a separate Guided Sourcing Template for Large Capacity Event? Are there any specifics to keep in mind while creating this template? The reception of the presenter was interrupted from my end. Thank you	Hi, the reason is because it has some different rules that need to be set than normal sourcing template
	Can we use the large capacity event through Category Management?	Hi, as long as you have the right template for it. You can create it through Joule in Category Management.
	is there a specific excel template for uploading	Hi, there will be some examples excel for you to download in the UI that can be used as template.
	I hope the Event Management Guide will be updated with the Large Capacity information	We will pass this on to the folks that maintain the document.
	Do we have prerequisite questions in large capacity events?	Hi, yes there is
	What is the maximum number of rows and columns which we can import or export to large capacity CLID	Up to 10,000-line items and 50 attributes (columns)
	Hello, for SS-58288 what was the reason we need to have a separate Guided Sourcing Template for Large Capacity Event? Are there any specifics to keep in mind while creating this template? The reception of the presenter was interrupted from my end. Thank you	Hi, the reason is because it has some different rules that need to be set than normal sourcing template

SS-62650	Question	Answer
	Does SS-62650 apply for Tactical Sourcing RFQs?	Hi, as Tactical Sourcing is a sourcing event it should be supported.
