Support for Buyers and Suppliers to Search for Confirmed Delivery Dates in Items to Ship Tile
CSC-32456

Target GA: May, 2025

Feature Overview

Introducing: **Support for Buyers and Suppliers to Search for Confirmed Delivery Dates in Items to Ship Tile**

CSC-32456

Feature Description

- This implementation provides visibility to suppliers about the confirmed quantity and delivery date of the requested goods in the "Items to Ship" workbench tile.

- Same view is provided to buyers through the "Item Shipment status" workbench tile.

- A new filter ("confirmed delivery date") and two new columns ("confirmed quantity" and "confirmed delivery date") have been added.

Key Benefits

Suppliers can easily find the correct items that need to be shipped in the selected confirmed delivery date which makes the Ship Notice creation process more efficient.
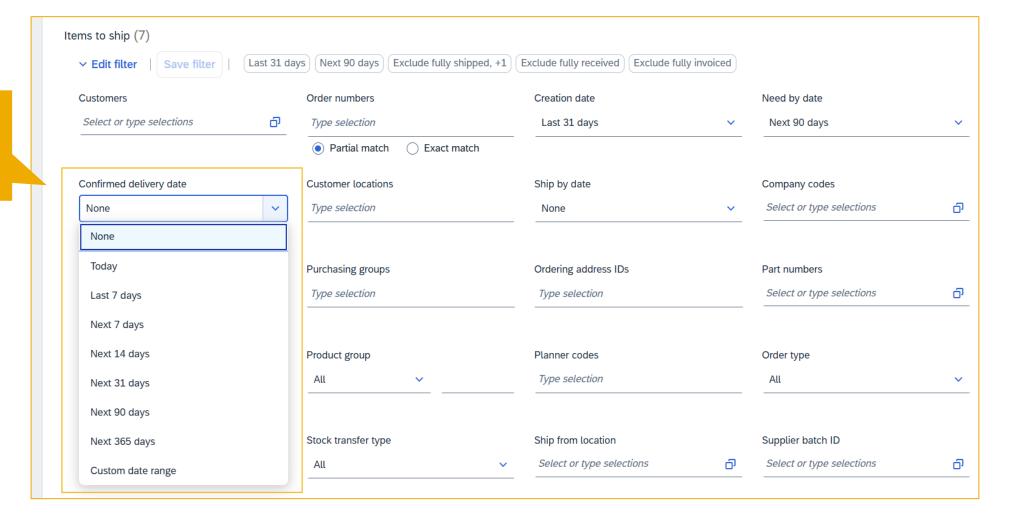

Audience:

- Buyers and Suppliers

Enablement Model:
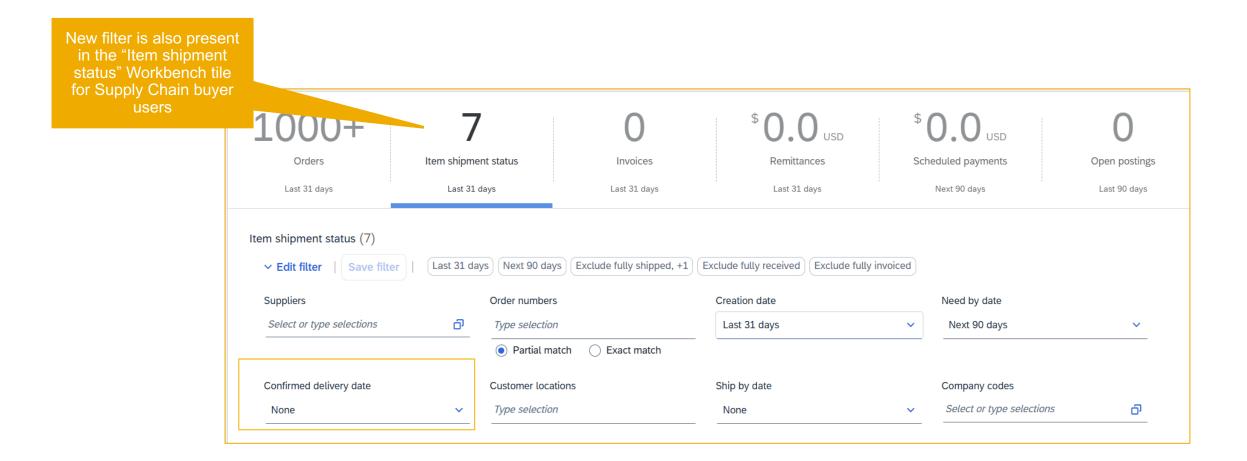

- Automatically On

Applicable Solutions:

- SAP Business Network Supply Chain Collaboration

Out of Scope
Search by Confirmed Delivery Date in "Items to Ship" Tile

- Ship Notice creation still considers the information provided in the latest active Purchase Order for quantities and dates.

- Order Confirmation values are informative only. They are not considered during the recalculation of the open due shipment quantity.

Thank you.
