

UPCOMING TRANSITION TO SAP (ARIBA) BUSINESS NETWORK

WHAT TO EXPECT & WHEN TO EXPECT IT

Dear Anheuser-Busch and/or Labatt Supplier,

We are excited to inform you that starting in July 2025 we will transition to a new supplier collaboration platform, SAP Business Network. This shift is part of our modernization agenda to provide you with enhanced visibility in the purchase order to payment process.

To ensure a seamless experience and smooth transition, you will receive additional communications over the next several weeks. In this message, we've outlined key details about the SAP Business Network transition, including the project timeline and important upcoming steps.

We look forward to having you join us on this exciting journey towards a modernized, collective, procurement-driven future!

WHAT ARE WE TRANSITIONING TO ?

SAP (Ariba) Business Network is **the world's largest collaborative platform designed to connect businesses with their suppliers**. It enables the exchange of purchase orders, order confirmations, shipping notifications, goods receipts, service entry sheets, and electronic invoice submission and visibility.

Key benefits:

- Free access to SAP (Ariba) Business Network for standard accounts
- Enhanced end to end communication with Anheuser-Busch and Labatt on Purchase Order (PO) information and traceability
- Enhanced visibility on POs (service and standard POs) and Payments
- Ability to confirm POs and Delivery Dates

PROJECT TIMELINE AND UPCOMING STEPS

Dec-Jan February March April May June July August

Onboarding
