

# Time zone and Currency Support for Buyers and Suppliers

Planned Release - August, 2025

# Introducing: Time zone and Currency Support for Buyers and Suppliers [NP-56354]

**Innovation For:** Buyers & Suppliers

**Enablement Model:** Automatically On

## Feature Description:

- Unified settings experience for both buyers and suppliers
- Accessible via: **Settings** → **Time zone & Currency Settings**
- Admin-controlled: Only Admin users can update these settings
- **Preferred Time zone** : Drives dates and time displayed in the account for all users
- **Preferred Currency**: Reflected monetary values entered and viewed for all account users
- Enhances consistency, usability, and centralized control

# Time zone and Currency Support for Buyers and Suppliers [NP-56354]

**Solution For:** Commerce Automation

**Persona:** Buyers and Suppliers

## **Key Benefits:**

### **Streamlined Configuration:**

- Replaces fragmented GEN1 settings with a centralized, modern interface.

### **Consistent User Experience:**

- Unified settings for both buyers and suppliers reduce confusion across roles

### **Controlled Access:**

- Only Admin users are allowed to edit time zone and currency settings, ensuring org control and preventing unauthorized changes

# User Story

The **Time zone and Currency Settings** feature allows buyers and suppliers on SAP Business Network to configure two key locale preferences

- **Preferred Time zone** controls how SAP Business Network displays dates and times on purchase orders routed by fax or email. Date and time stamps are displayed as GMT (Greenwich Mean Time) +/-.
- **Preferred Currency** is the currency that SAP Business Network uses for all entered and displayed monetary amounts in your account.

In the GEN1 experience, these settings were maintained separately by role. As part of the NEXTGEN redesign, SAP Business Network has introduced a unified and standardized interface for managing these settings. Both buyers and suppliers can now view and access the Time zone and Currency Settings from a single location: **Settings** → **Time zone and Currency Settings**. Importantly, only Admin users have the ability to modify these settings, ensuring centralized control and consistency. All other sub users can view the selected values but are restricted from making any changes

# Prerequisites, Restrictions, Cautions

## Prerequisites

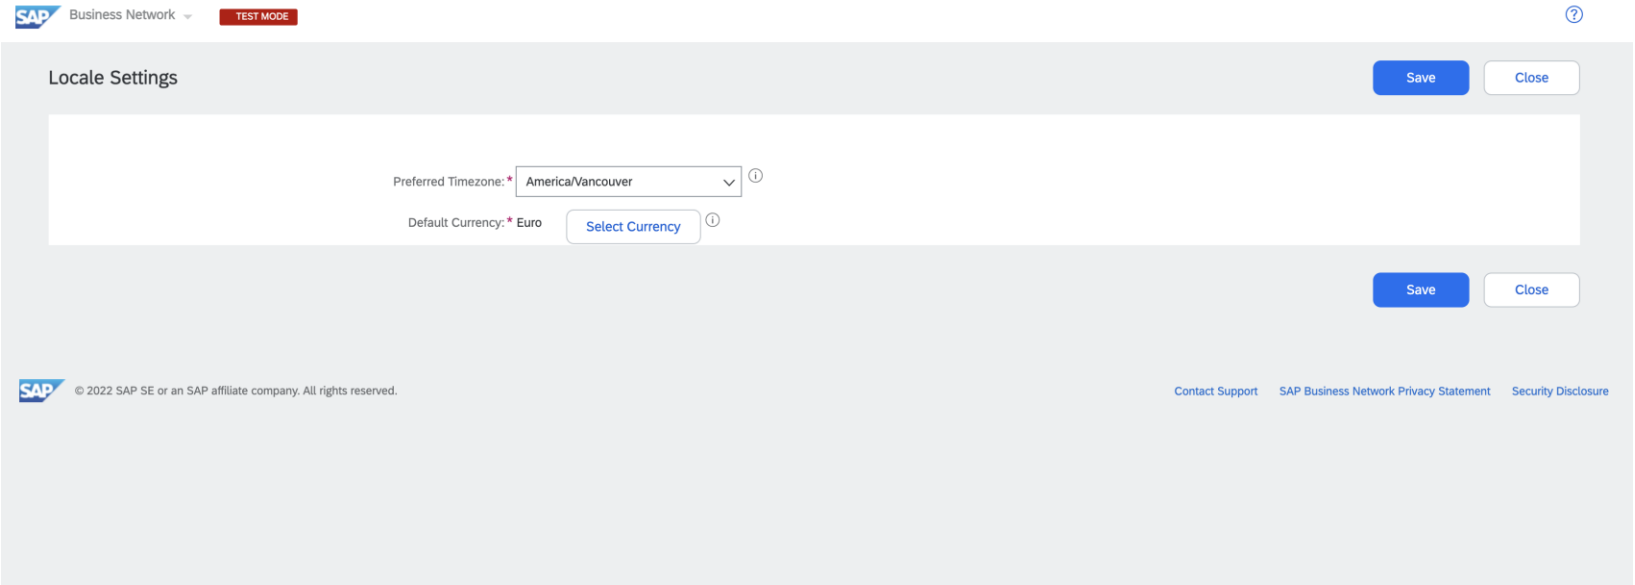

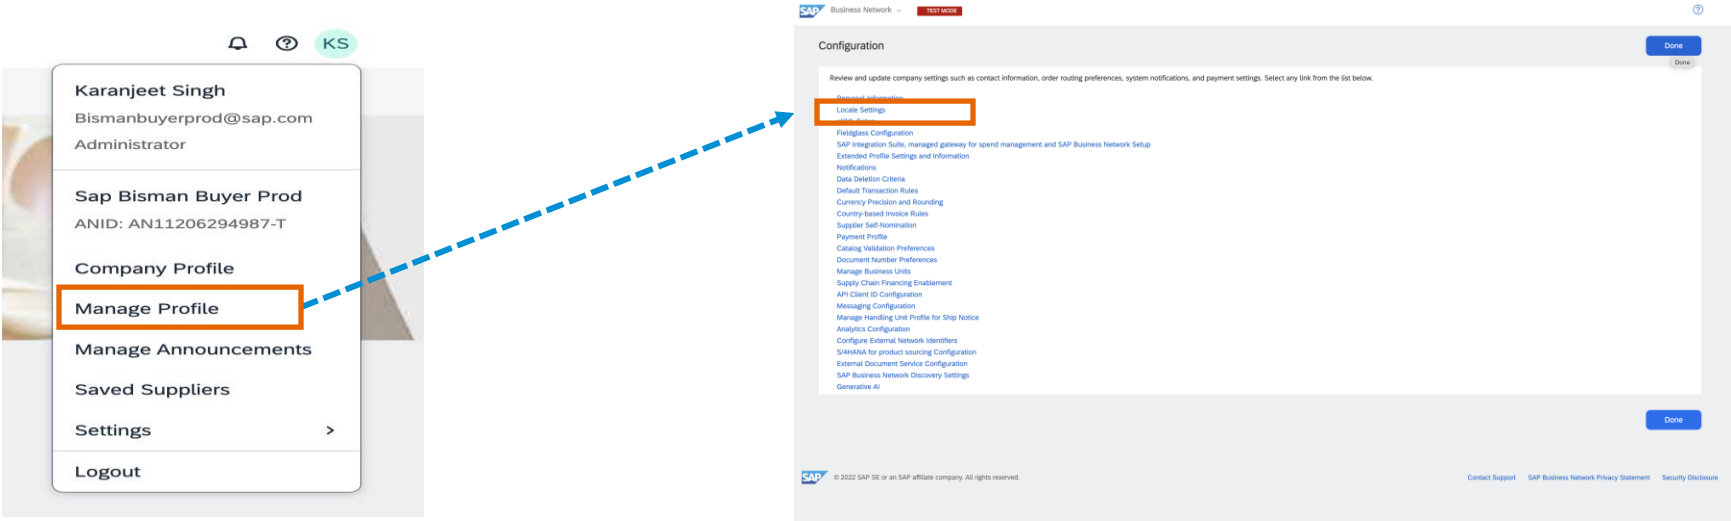

- Only **Admin users** can view and update Org Locale Settings
- All sub users can only view the Org Locale Settings. Edit option will not be available for them.
- Access is restricted to ensure consistency and centralized control across the organization

## Restrictions

- None
