Dear Valued Supplier,

Anglo American eProcurement Implementation

As part of our ongoing drive to digitalise our Supply Chain, Anglo American and De Beers Group are committed to implementing electronic procurement technology, namely the Ariba Network and requisite modules, as the standard for conducting business with our suppliers.

As an active supplier to us, this letter serves to inform you that you have been identified as a supplier that will be enabled on our instance of the Ariba Network for Electronic Purchase Orders (POs) and invoicing.

Anglo American Ariba Network Landscape for Suppliers*

* Depending on how you conduct business with us, you may be enabled with some or all of the modules indicated above.

Supplier Value Proposition

The implementation of these modules not only supports our Supply Chain requirements, but also provides our suppliers with the following benefits:

- Enhanced real time electronic commercial collaboration between our organisations
- Ability to manage your commercial relationship with us electronically
- Digital trade with us and potentially with other customers that are Ariba Network enabled
- Greater visibility and transparency into our end-to-end procurement process

Next Steps

We are committed to working with our suppliers to ensure that they are successfully enabled to transact with us electronically and would appreciate your support. To that end we ask that:

- the **information contained in this letter be shared** with all the members in your organisation that may be directly or indirectly impacted by this change e.g. your Management Team, Sales/Relationship Management and Finance departments
- you attend one of our **supplier webinars** (virtual event) where you will receive further information regarding this initiative
- you attend a **virtual training session** to assist with the transition to the Ariba Network (an email invitation will follow)

Should you have any questions or concerns regarding this initiative, please do not hesitate to contact me directly.

Yours sincerely,

Chantelle Smith
