Introducing: Return 'Not Interested' reason code in Quote Message

Ease of implementation

Low touch / simple

Geographic relevance

Global

Customer challenge

Buyers were not receiving the reason code of supplier rejections to bid.

Meet that challenge with

SAP Ariba

The Quote Message contains the reason code for supplier rejection, both at header and line item level.

In both cases, the information is sent on an extrinsic field named "RejectionReason".

Experience key benefits

Buyer and suppliers will benefit with an automatic communication of supplier reasons to reject bidding either at a header or line item level.

Solution area

Operational Procurement / Ariba Network / Quote Automation

Implementation information

This feature is "on" by default for customers of **Quote Automation**. No action is required to utilize this feature.

Prerequisites and Limitations

N/A
