Introducing: Ability to have UOM in Product Sourcing Simple RFX

Customer challenge

- Customer using Product Sourcing today do not have the ability to bring in unit of measure (UOM) to the contents section in simple RFX.
- This affects user's experience.

Meet that challenge with SAP Ariba

- Customers using product sourcing can now initiate a simple RFX and the feature will automatically add UOM related to the material against the quantity.
- Further the feature also adds the ability to export the DMS data through the webservice including quantity and UOM.

Experience key benefits

Enhanced UI and better user experience

Solution area

SAP Ariba Strategic Sourcing Suite

Implementation information

This feature is **automatically on** for all customers with the applicable solutions and is ready for immediate use.

Prerequisites and Limitations

- Applicable for customers using product sourcing
- The simple RFX template needs to have a quantity term

Feature at a Glance

Introducing: Ability to have UOM in Product Sourcing Simple RFX
