Feature at a Glance
Notify buyers about the expiry of the price validity of line items

Hari Babu Krishnan, Keertan Rai – SAP Ariba
Target GA: August, 2019

THE BEST RUN **SAP**

Feature at a Glance
Introducing: Notify buyers about the expiry of the price validity of line items

Customer challenge

While buyers could request pricing from suppliers for a specified number of periods (months, quarters, or years) in CLIDs, they were not notified when the pricing validity of a contract line item in a CLID was about to expire.

Meet that challenge with
SAP Ariba

With this feature, the buyer can specify the number of days before the expiration of the contract line items pricing validity when the contract owner must be notified, so that the pricing validity information can be renewed. This information helps the buyer renew the pricing validity for those contract line items before their pricing validity expires.

Experience key benefits

Allows buyers to proactively gather prices for items that are due to expire.

Buyers always have the latest prices for their items.

Solution area

SAP Ariba Contracts
SAP Ariba Strategic Sourcing Suite

Implementation information

This capability will be on by default and enabled for all customers.

Prerequisites and Restrictions

1. CLID (Contract Line Items Document) feature should have been enabled
2. 'Allow Price Conditions' is enabled in contract workspace(s)

Feature at a Glance

Introducing: **Notify buyers about the expiry of the price validity of line items**

Allow Pricing Conditions: ● Yes ○ No ⓘ	

Set up default pricing conditions (for new items)

Validity Period Type: **Monthly** ⌄ ⓘ

Start Date: May 2019 📅 ⓘ

Number of Periods: 0 ⓘ

Scales: ⊕

Enable period quantity: ○ Yes ● No ⓘ

Renewal Period: 30 ⓘ

Access Control: (no value) / iew Details ⓘ

The number of days before contract item's price expiry when contract owner needs to be notified and the item can be renewed.

Is Publish Required: ○ Yes ● No

Conditions: (none)▼

When the 'Allow Pricing Conditions' option is set to 'Yes', users can now set up the notification time period in the 'Renewal Period' field.

Feature at a Glance

Introducing: **Notify buyers about the expiry of the price validity of line items**

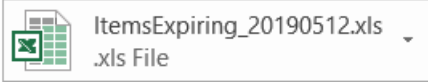

Notification on expiring prices will be sent to contract owners at the start of the renewal period for the respective terms (30 days in the above example).

Notifications on expiring prices for line items will also be sent for items that are missing pricing information. In the above example, the contract owner will be notified to update price info for the July 2019 period at the start of the renewal period.
