# Automatically invite Preferred Suppliers to Sourcing event

---

## Description:

This feature is for customers who subscribe to the Supplier Lifecycle and Performance (SLP) application, and who have defined their Preferred Supplier List matrix. Now, Preferred suppliers can automatically be invited to Sourcing events.

# Automatically invite Preferred Suppliers to Sourcing event

## Current Problem

Many users invite their Preferred Suppliers to every event; manually searching for and adding these Preferred Suppliers each time they run an event is inefficient.

## Solution

Users can define a template rule to enable the automatic invitation of Preferred Suppliers to events.

## Benefits

- Time savings
- Fewer errors

# How to use the feature

The new template rule “Automatically invite preferred suppliers” will automatically add preferred suppliers to the event.

## Supplier Eligibility Criteria

Minimum supplier status for event participation: Not Invited  ⓘ

↳ Hidden

Minimum supplier status for award eligibility: Not Invited  ⓘ

↳ Hidden

Supplier qualification level: Event Level  ⓘ
