# Feature at a Glance

Introducing: Transfer of creator, requester, and recipient information from guided buying requests to SAP S/4HANA Cloud

Ease of implementation  Low touch / simple  
Geographic relevance  Global

## Customer challenge

Currently it is not possible to correctly send the creator, requester and recipient information from guided buying requests to S/4HANA.

## Meet that challenge with SAP Ariba

This feature enables the sending of creator, requester, and recipient information in guided buying requests to SAP S/4HANA Cloud purchase requisitions.

## Experience key benefits

User information in requests created via guided buying can always be in sync with requisition created in S/4HANA.

## Solution area

Guided buying capability with the following solutions:

- SAP Ariba Buying
- SAP Ariba Buying and Invoicing

## Implementation information

To have this feature enabled, please have your Designated Support Contact (DSC) submit a **Service Request (SR)**.

## Prerequisites and Restrictions

- Applicable to 2NV and 3EN S/4HANA Cloud integration scenarios with guided buying
- Ensure that the Application.Purchasing.S4HanaUserIdentifierInAriba parameter is set correctly.
  - Value = 1 for SAP S/4HANA Cloud user ID
  - Value = 2 for SAP Business partner ID)
