

Dear M/s <Supplier>

We are pleased to announce a new initiative for improving and streamlining sourcing, procurement, and accounts payable processes by implementing an automated solution.

To fulfil our vision of moving away from paper-based and manually transmitted transaction documents, we have partnered with SAP Ariba to transact business electronically through the Ariba® Network.

As a strategic supplier of ours, you have been selected to participate in this initiative as a requirement for maintaining our ongoing business relationship.

Ariba platform offers you multiple benefits which shall be covered in this E-training-

- Real-time PO & Order Confirmation
- Ship Notice, service entry creation & invoice delivery
- Quicker fulfilment, identification of discrepancies, and payment status reporting
- Access to receivables financing options
- Simple set-up – all you need is an Internet connection

Thanks and Regards,
