Target GA: February 2023

Enhancements to the summary area in Supplier 360° profile to show sourcing and contracts data

Description

- This feature gives an overview of the supplier's sourcing events in the **Sourcing Events** panel and the contract workspaces in the **Contracts** panel in the **Summary** area in the supplier 360° profile. The new **Business activity** area in the supplier 360° profile lists the supplier's sourcing events and contracts.

Customer benefit

- With this feature, the buyers get an overview of the supplier's activities across SAP Ariba applications in one place in the supplier 360° profile. You can get insight into the supplier's activities without switching between SAP Ariba applications.

Prerequisites, restrictions, cautions

Prerequisites

For SAP Ariba Supplier Information and Performance Management, this feature requires the "new architecture."

You must enable the following parameters in **SM Administration** -> **Configuration Parameters**:

- **Application.SM.UI.SourcingSummary**: Enabling this parameter shows the **Sourcing Events** panel in the **Summary** area and the **Business activity** area in the supplier 360° profile.
- **Application.SM.UI.ContractsSummary**: Enabling this parameter shows the **Contracts** panel in the **Summary** area and the **Business activity** area in the supplier 360° profile.

You must be a member of the **SM Ops Administrator** group to set these parameters.

Restrictions

- If a supplier participates in a large number of events, please note that the Sourcing panel is limited to the latest 200 sourcing events.

Feature details

1. In the **Summary** area in the supplier 360° profile, new **Sourcing Events** and **Contracts** panels are introduced that give an overview of the supplier's activities in the sourcing and contracts applications.
2. Clicking the sourcing and contracts statuses takes you to the new **Business activity** area in the supplier 360° profile, which lists the supplier's sourcing events and contracts.
3. The new **Business activity** area lists the supplier's activities in other SAP Ariba applications.
 - You can choose a business activity from the dropdown to view a list of the supplier's sourcing events or contracts.
 - You can filter the business activity based on their statuses. For specific sourcing events or contracts, you can also browse using the search bar.
 - Clicking the sourcing event or contract name takes you to the respective application and gives detailed information about the supplier's activities.

The screenshot displays the SAP Ariba Supplier Management interface for a supplier named "Organic Cotton Plus". The interface is divided into several sections:

- Navigation Menu:** Includes Summary, Contacts, Public profile, Risk and impact, Business Activity (highlighted with a red box and a yellow circle with the number 2), Certificates, ERP Data, and Original supplier request.
- Supplier Profile:** Shows the supplier's name, logo, and status (Inactive). It also displays registration status (Registered), preferred status (Not Available), and qualification status (Not Available).
- Risk Assessment:** A table showing the overall supplier risk (High Risk) and a breakdown of risk categories: Regulatory and Legal (Med), Environmental and Social (Low), Financial (High), and Operational (Low).
- Business Activity:** A section with a dropdown menu (Sourcing) and a search bar. It contains a table of sourcing events and contracts.
