

Subject: Important – GlobalFoundries SAP Business Network Project Notification Letter

Dear Valued GlobalFoundries Supplier,

GlobalFoundries is pleased to announce that we are partnering with **SAP Business Network**[®] to streamline our procurement and accounts payable processes. This initiative will help fulfill our vision of moving away from manually transmitted documents. We are targeting your organization to connect with us on SAP Business Network with a **free** Standard Account.

➤ **What does this mean for you?**

On **6/3/24**, we will go live and begin sending purchase orders to our suppliers via this platform. We expect all suppliers to use SAP Business Network to:

- [Receive Purchase Orders](#)
- [Create Order Confirmations](#)
- [Create Ship Notices](#)
- [Create PO-Flip Invoices](#)

➤ **What are your next steps?**

After we go-live, you will receive an email with your organizations first GlobalFoundries purchase order. Use that email to connect with us on SAP Business Network, view future purchase orders, and submit the documents mentioned above. That first purchase order will come from the email address below:

- ordersender-prod@ansmtp.ariba.com

You will have the option to register a **free** Standard Account, or you may use an existing account (Standard or Enterprise) to connect with GlobalFoundries. Please note that if you choose to use an existing **Enterprise** Account, you may incur **fees** from SAP Business Network use. Any fees generated from an Enterprise Account will be the responsibility of the supplier. To learn more about Enterprise Account benefits and fees, please click [here](#).

➤ **How do I learn more?**

- Watch this short video to [Get Ready to Transact](#) (3:47 duration)
- Visit our <https://support.ariba.com/item/view/208361> to view [training videos](#)
- Register to view an OnDemand [Standard Account Summit](#) (24:07 duration) to prepare for this process change

This shift will strengthen our business relationship and allow for more robust collaboration and purchasing capabilities. If you are not the correct recipient or have questions, please contact our Supplier Enablement Team at gf.gsmsupplierinbox@globalfoundries.com.

Kind Regards,
GlobalFoundries Enablement Team
