

Welcome to SAP Business Network on SAP BTP

Manage Your Company Profile and Customer Relationships

Introducing: **Company Profile and Customer Relationship Management**

Solution For: SAP Business Network for Trading Partners

Solution Area: Profile and Relationship

Persona: Supplier users

Description:

- Maintain your company profile along with products categories and make it visible for buyers to search and discover. Customers could request and establish trading or sourcing relationship with you to grow your business

Key Benefits:

- **Grow Your Business:** Buyer customer would discover and contact with you for additional business opportunities.
- **Manage business relationship in one place** — including acceptance or rejection relationship with customers
- **Simplified Supplier Management:** Suppliers can now view and access all linked child accounts from the new Relationship page, with seamless login to manage each one independently.

Feature: Customer Relationships

The screenshot shows the SAP Business Network interface for Customer Relationships. It includes a navigation bar, a header with 'Customer Relationships', and a main content area with a 'Customer List' table. Four blue circles with numbers 1-4 are overlaid on the interface to highlight key features:

- 1: 'Advanced View' button in the top right corner.
- 2: 'Automatically accept all relationship requests' toggle switch set to 'OFF'.
- 3: Search bar and filter options for the 'Customer List' table.
- 4: 'Accept' and 'Reject' mass action buttons above the table.
